CAA 2021 PROCEEDINGS
AUTHORS’ INSTRUCTIONS

If you have any questions about this document, please contact the CAA Publication Officer, Arianna Traviglia
(publications@caa-international.org)

FORM OF PUBLICATION

The CAA Proceedings will be published within about one year from the previous conference. The
Proceedings consist of all the papers that have been accepted following double blind peer review.
The proceedings will be available online and through a Print-on-Demand (PoD) service.

REVIEW

Your manuscript will be reviewed by members of the CAA Review College. This will include a check for
English language. At least one of the reviewers will be a native English speaker. If the quality of
English means that the content of the paper cannot properly be assessed, then the paper will be
rejected immediately.

Reviewed papers can receive one of four possible recommendations:

1. accept as is
2. accept with major revision
3. accept with minor revision (including English language, referencing and formatting)
4. reject

In the case of acceptance with minor or major revisions, you will receive the reviewers’ comments that
will help you to improve your manuscript and/or comments on referencing and formatting. Papers
requiring major revisions must be accompanied by a brief statement of how the comments have
been addressed. This statement must be uploaded as a separate document in OJS. A rejected
manuscript cannot be resubmitted.
The following fundamental selection criteria are used:

- the paper’s academic standard
- its consistency of content
- its clarity of style
- quality and relevance of illustrations

A full description of the review process, including the membership of the Review College, is given on the CAA website.

**GUIDELINES FOR PAPER SUBMISSION**

**NOTE:** If you did not present a paper, poster, or an oral presentation in an alternative format (e.g., lightning talk etc) at CAA2021, you are **not entitled to submit** a paper for the CAA2021 Proceedings.

Regardless of your presentation responsibilities at CAA2021, you can only submit **one paper as first author** for publication in the proceedings.

**PAPER LENGTH**

Your manuscript should not be longer than **5,000 words excluding** abstract, key words, figures, tables and bibliography. This applies to both papers and posters.

**AUTHORS AND AFFILIATION**

Provide the full names and affiliations of all authors, including e-mail addresses, in the web portal, but not in the manuscript.

**ABSTRACT AND KEYWORDS**

Provide an abstract for your paper of 250 words maximum.

Provide 3-5 keywords describing the contents of your paper on a separate line after the abstract.
TEXT

Follow the guidelines in the checklist in the OJS Submission
Submitted manuscripts should be unformatted and use Times New Roman or Arial 12 point font.
Spelling should conform to British practice and follow the Oxford English Dictionary.
Add a separate list for tables, diagrams, figures, graphs, maps, etc.
Submit tables, diagrams, figures etc. in separate files as well as in the text.
Submit figures and diagrams in their original format and not as a Word file.
Submit tables in any image format only if the quality of the image is sufficiently high; otherwise submit them in an Excel file (preferred) or in a separate Word file with an embedded table. Although not recommended, you can also create tables by using tabs (as little as possible), but not by using spacing.

BIBLIOGRAPHY

See below for formatting instructions. The formatting guidelines are strictly enforced and if they are not followed, the paper WILL be sent back for without further review. This could cause the authors to miss the deadline and forfeit their opportunity to publish their work in proceedings.

IMAGES

Note that the printed version of the CAA Proceedings might have black and white images. The online version of the CAA Proceedings will have colour versions of the images. Make sure that all of your colour images are usable when converted to greyscale. You cannot include more than 10 images/paper.

All images must be at least 300 dpi and either 8-bit greyscale or RGB. Use either .jpg, .tiff or .eps files. Verify that all images are the correct size: images must be less than 16 cm wide and 24.7 cm high.

COPYRIGHT RELEASE FORM

Upon acceptance of the manuscript, all authors must fill-in and sign the copyright release form. This includes Co-Authors.
BIBLIOGRAPHY

IN-TEXT CITATIONS
Every use of information from other sources must be cited in the text so that it is clear that external material has been used.
If the author is already mentioned in the main text then the year should follow the name within parenthesis. E.g.:

- Both Kvamme (2003) and Ashmore (2002) showed that ...

If the author name is not mentioned in the main text then the surname and year should be inserted, in parenthesis, after the relevant text. Multiple citations should be separated by semi-colon and follow alphabetical order.
- Landscapes are critical for archaeological inquiry... (Ashmore 2002; Kvamme 2003).

If three or fewer authors are cited from the same citation then all should be listed. If four or more authors are part of the citation then ‘et al.’ should follow the first author name.
- (Stead, Oldman & Cloud 2015)
- (Meyer et al. 2016)

If citations are used from the same author and the same year, then a lowercase letter, starting from ‘a’, should be placed after the year.
- (Lock 2013a; Lock 2013b)

If specific pages are being cited then the page number should follow the year, after a colon.

For publications authored and published by organisations, use the short form of the organisation’s name or its acronym in lieu of the full name.
- (NOAA 2008) NOT (National Oceanic and Atmospheric Administration 2008)

Please do not include URLs in parenthetical citations, but rather cite the author or page title and include all details, including the URL, in the reference list.

REFERENCE LIST
All citations must be listed at the end of the text file, in alphabetical order of authors’ surnames.
All reading materials should be included in ‘References’ – works which have not been cited within the main text, but which the author wishes to share with the reader, must be cited as additional information in endnotes explaining the relevance of the work. This will ensure that all works within the reference list are cited within the text.

NOTE: If multiple works by the same author are being listed, please re-type the author’s name out for each entry, rather than using a long dash.

NOTE: DOIs should be included for all reference entries, where possible.

REFERENCE FORMAT
This journal uses a particular style of the Harvard system. If you use Endnote or Zotero, CAA has a style that can be used (Zotero: https://www.zotero.org/styles?q=jcaa; Endnote: https://drive.google.com/open?id=0BzoA8kL033iEUotoamt5MTZTN0U).

See below for examples of how to format:
